Internet Use Policy

NCPL provides free, unsecured access to the Internet to connect the public to the world of ideas and information, and to provide equal access to that information for all individuals in the community. This policy applies to all use of NCPL's Internet service, whether privately owned or Library-provided devices are operated.

Libraries are a traditional forum for the open exchange of information. Providing access to information available on the Internet does not constitute endorsement of the content by the Library. NCPL expressly disclaims any liability or responsibility arising from use of the Internet or information obtained through the Internet.

Library Practices

The Library does not retain browser history or personal information. The Library will not reveal the information sources or services individual users access unless required by law or court order.

NCPL's technology includes a system that blocks or filters specific Internet sites. It protects against access by adults and minors to visual depictions that are obscene, child pornography, or harmful to minors. It diminishes the likelihood that searchers will inadvertently retrieve text or images that some may find offensive but does not eliminate that possibility. Filters sometimes block access to sites that users would consider both inoffensive and useful. Patrons have the right to request access to those sites.

In accordance with the Children's Internet Protection Act, no one under the age of 18 is permitted to access computer sites, chat rooms or e-mail that contain obscene or sexually explicit material harmful to minors.

No one may disseminate or exhibit obscene material so that it can be observed by a minor. Library staff members may request that individuals cease to view or listen to works that threaten the safe and comfortable environment of the library or interfere with the conduct of library business, in accordance with NCPL's Code of Conduct.

Patron Responsibilities

As with other library materials, individuals must accept responsibility for evaluating the content of resources they view, read, or listen to. Monitoring and any restriction of a child's access is the responsibility of the parent or legal guardian. Patrons are urged to respect the sensibilities of others when accessing images that may reasonably be offensive to someone else.

Privacy while using the Internet in the library cannot be guaranteed. There exists a possibility of inadvertent viewing by others. Patrons handling financial transactions or other activities that require confidentiality do so at their own risk. The Internet is not a private environment and security of electronic communication cannot be guaranteed.

Each user is responsible for complying with copyright law and adhering to software licensing agreements, as well as all local, state, and federal laws including, but not limited to, those concerning

fraud, privacy, or obscenity. Use of the Library's Internet connection in an illegal, disruptive, or destructive manner may result in the loss of Internet or Library privileges.

Security for personal devices rests solely with the owner. Library staff members may provide guidance for accessing library materials and services, but they do not provide technical support.

Patrons are not allowed to download software onto the library's network or workstation hard drive. Downloading to an external device is permitted.

Collection Development Policy

Adopted 2/19/19

Purpose

To provide and make accessible a balanced collection of materials in various media that is responsive to community needs and interests.

Intellectual Freedom

NCPL affirms the American Library Association's Library Bill of Rights and acknowledges it as a foundation for the selection and deselection of materials in all formats.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Ultimate responsibility for materials selection rests with the Director, who operates within the framework of this selection policy adopted by the Library Board. The Director may delegate selection of materials to qualified staff members.

Acquisition

The collection, taken as a whole, will be an excellent and unbiased source of information and recreation. It will include as wide a selection as possible. Subjects and viewpoints will be covered in sufficient depth to meet anticipated and expressed needs. Selection of materials by the Library does not mean

Updates Adopted by the Board of Trustees
October 16, 2018

endorsement of the contents or views expressed in those materials. The collection, as a whole, will be sufficiently diverse to not promote causes, further movements, or endorse viewpoints.

Criteria for Selection

The following criteria will be used to select both physical and digital materials:

- Reviews from professionally recognized sources
- Date of publication
- Significance of author, publisher, composer and/or artist
- Patron interest and recommendations
- Price and availability budget
- Contribution to a balanced collection

NCPL does not collect textbooks or self-published material for its general collection.

Criteria for Deselection

Limited shelf space and proper maintenance of a collection necessitates regular weeding of materials. The process of deselection will be based on the guidelines set forth in *CREW: A Weeding Manual for Modern Libraries*. These guidelines consider condition, circulation, age, and accuracy of information when considering items for removal from the collection. Discarded materials will be given to the New Carlisle Friends of the Library for their book sale or recycled.

Cooperative Relationships

Since a library cannot possibly purchase every title desired by its patrons, NCPL will make available InterLibrary Loans at no cost to patrons. It also participates in Indiana's Statewide Reciprocal Borrowing Covenant to allow access to materials at other area libraries.

Local History

The Local History Room is maintained as a non-circulating collection of materials relating to the history of New Carlisle, Olive Township, & New Prairie School District. This collection may include video, audio, photographs, newspapers, genealogy items, & select personal papers. NCPL does not collect objects or memorabilia.

The Local History Room also provides space for people to digitize their own personal history .

Materials Reconsideration

The Library recognizes that many materials are controversial and that any given item may offend some patrons. The choice of library materials by users is an individual matter. An individual may reject certain items for themselves or their family, but they do not have the right to restrict access to these materials by others. Selection will not be made on the basis of any anticipated approval or disapproval, but on the merits of the work as it relates to the criteria listed.

The library cannot limit its selection to materials suitable for children and adolescents, but must consider its adult audience; therefore, some materials may be deemed by parents as inappropriate for their children. Since parents' opinions differ and children of the same age differ greatly in levels of

maturity, the library will not act as judge of what materials a child is mature enough to borrow. This responsibility remains with the parent.

A patron wishing to request that NCPL staff reconsider a specific title currently in the collection may submit a request in writing to the Director using the Materials Reconsideration Form. The Director will review the title and respond in writing to the patron. The patron may appeal the Director's decision to the Board of Trustees who have the final decision making authority. All complaints about library materials are viewed in the context of the Collection Development and Management policy.

Public Forum

The NCPL Board will conduct its meetings in compliance with the Indiana Open Door Law (IC 5-14- 1.5) with board meetings open for public observation and recording.

While not required by law to allow the public to speak at meetings, the Board values the ideas and insights of constituents and will allow 15 minutes of each meeting for a public forum. Persons will be allowed to speak only if they have completed a Request Form and returned it to the Director or a board member prior to the convening of the meeting.

The board president will divide the 15-minute forum segment by the number of persons who have requested to speak to determine the amount of time allocated to each person. The board president will then call on those persons one at a time to stand and address the board for no more than the allocated time. No person may present orally or discuss at any meeting of the Library Board any charges or complaints against employees of NCPL without first presenting such charges or complaints to the Library Board through the director, in writing, signed, and verified by the person or group making such a charge or complaint.

The Board will not respond at this meeting to questions, requests for information or requests for action. Appropriate response may be made at a later time after board members have sufficient opportunity to consider and deliberate on the issue.

Constituents will not be allowed to comment during other portions of the board meeting unless comments are specifically requested by the Board. Board members are available to hear from constituents outside the meeting.

Public Records

The following public records are exempt from the disclosure requirement, IC 5-14-3-4:

1. Personnel files of Library employees and files of applicants for employment except for:
 - a. The name, compensation, job title, business address, business telephone number, job descriptions, education and training background, previous work experience, or dates of first and last employment of present or former officers or employees of the library.

6. Library records which can be used to identify any Library patron.

Resolution Allowing Use of Business Credit Cards

1. It is the intent of the New Carlisle - Olive Township Public Library to follow accounting rules and procedures promulgated by the Indiana State Board of Accounts and hereby adopt the following policy regarding the use of credit cards by authorized staff members only.
2. The Library Director will search for a business type credit card that will best fit the organization's needs, yet have a competitive annual fee.
3. Only the Library Director and Assistant Director will be allowed access to the card/s.
4. Statements will be paid in a timely manner to avoid any interest, carrying charges, or penalties due to late payments.
5. Claims filed in connection with the use of the credit card/s must be itemized before being approved and paid.
6. Any interest or penalty that is incurred due to the late filing or furnishing of documentation by an employee will be the responsibility of the employee using the card.
7. Any and all charges incurred and charged with the credit must be business related and not personal in nature. A reasonable "tip" or gratuity is allowable where service has been provided. No personal charges will be allowed.
8. In the case of the card being lost or stolen the issuing credit card company must be notified immediately. Notes of this loss must also be presented to the Board of Trustees for inclusion in the monthly minutes for audit purposes.

Exhibit Cases

Exhibit cases are for the use of NCPL staff to promote programs, collections, events. The cases may also be used by community partners to support the mission of the library at the discretion of the Director in accordance with the principles in the ALA's Library Bill of Rights.

Video Surveillance

NCPL strives to maintain a safe and secure environment for its staff and patrons. In pursuit of this objective, selected public areas of the library premises are under video surveillance and recording. Signs informing the public of video surveillance are posted at library entrances.

Images will not be routinely monitored in real-time, nor reviewed by library staff, except when specifically authorized by the Director or Assistant Director.

Video image recordings will be used to identify the person or persons responsible for Library policy violations, criminal activity, or actions considered disruptive to normal Library operations.

Video records may be used to assist law enforcement agencies in accordance with applicable state and federal laws.

Video recordings of incidents can be retained and reviewed as long as considered necessary by the Library Director.

Images may be shared with other Library staff to identify person(s) suspended from Library property and to maintain a safe and secure environment.

While it is recognized that video surveillance will not prevent all incidents, its potential deterrent effect, and resource as a means of identifying and prosecuting offenders is considered worthwhile.
